An overview of your career

Learn at your own pace with this user interface (UI) & visual design-bootcamp fully online and flexible, whenever and wherever it suits you. Design your learning journey and advance at a rhythm that matches your lifestyle. Acquire in-demand, practical skills in user interface design (UI), prototyping, design patterns and design systems. Learn 1-on-1 with an experienced mentor, accompanied by your personal study advisor and our career coaches. Make yourself job-ready and secure a future-proof job.

Skills you'll master

- Development of UI design principles
- Creation of high-fidelity prototypes
- The use of design patterns
- Development of design systems
- Design of visual identities

Benefits of our Live Online Training & E-Learning Selbststudium bootcamps

Interaktive Live Trainings mit Branchenexperten

Du nimmst an interaktiven Live Workshops mit Branchenexperten teil – so lernst du direkt vom Experten und erzielst nachhaltige Lernerfolge.

Job-ready Praxis in realen Projekten

Lerne mithilfe realer, branchenspezifischer Szenarien und erwerbe praxisnahe Fähigkeiten, die du unmittelbar im Job einsetzen kannst.

Unbegrenzter Zugang zu multimedialen Inhalten

Du profitierst von interaktiven Inhalten auf Hochschulebene! Wir vermitteln lebendiges Wissen mit Artikeln, Videos, Quizze und praxisnahe Übungen.

Jederzeit und von überall lernen

Passe deine Weiterbildung deinem Lebensstil an. Lerne online jederzeit und von überall. Laptop und Internetanschluss reichen aus.

Karriereservices für deinen neuen Job

Mit Bewerbungstrainings, Karrieresprechstunden und unserer aktiven Jobvermittlung helfen wir dir auf dem Weg zu deinem neuen Job.

Vollzeit

Du willst voll und ganz in user interface (UI) & visual design eintauchen? Dann nimm an unserem Intensivkurs in Vollzeit teil.

- Abschluss in 7 Wochen
- Vollzeit online lernen
- 35 Stunden per Woche

Teilzeit

Du hast einen Halbtagsjob, Kinder oder anderweitige Verpflichtungen? Dann absolviere den user interface (UI) & visual design-Kurs in Teilzeit.

- Abschluss in 14 Wochen
- Teilzeit online lernen
- 17,5 Stunden per Woche

Satisfaction guarantee

Try it for 14 days

Feel free to try the course risk-free for up to 14 days from the start date. If it doesn't meet your expectations, you may cancel your enrollment at no additional cost.

Our course is suitable for the following people

Arbeitslose oder Arbeitssuchende

Du bist arbeitslos oder arbeitssuchend, hast Anspruch auf einen Bildungsgutschein und willst die Zeit nutzen, um dich für einen neuen Job als User Interface & Visual Designer zu qualifizieren.

Quereinsteiger und Berufsumsteiger

Du bist eine branchenfremde, berufstätige Fachkraft und möchtest User Interface & Visual Designer werden, um dich beruflich zu verändern, zu wachsen und neue Chancen zu nutzen.

Von Arbeitslosigkeit bedrohte Angestellte

Du bist Mitarbeiter eines Unternehmens im Strukturwandel und dein Job ist in Gefahr. Mit einer kostenlosen Weiterbildung über den Bildungsgutschein nach dem Qualifizierungschancengesetz kannst du dich gezielt qualifizieren und deinen Arbeitsplatz sichern.

Fachkräfte & Spezialisten

Du bist Spezialist in deiner Disziplin, möchtest dein Fachwissen ausbauen, dich zertifizieren lassen oder dich optimal auf eine Zertifikatsprüfung vorbereiten.

Absolventen und Studierende

Du hast kürzlich dein Studium abgeschlossen oder studierst noch und willst deine akademischen Qualifikationen durch praktische, branchenrelevante Fähigkeiten erweitern.

Interessierte Personen

Du interessierst dich für user interface (UI) & visual design und möchtest die praktische Anwendung von User Interface & Visual Designer-Tools für persönliche oder berufliche Zwecke kennenlernen.

Die perfekte Mischung

für deinen Lernerfolg

Du profitierst von einer perfekten Mischung aus Live Trainings mit erfahrenen Trainern, hochwertigen E-Learning-Inhalten auf Hochschulebene und einer Community für Austausch und Zusammenarbeit.

Tägliche Live Trainings

- Tägliche Termine
- 35 Stunden per Woche
- 09:00 - 16:00

E-Learning

- Multimediale Inhalte
- Selbstbestimmt lernen
- Jederzeit und überall

Karrierservices

- Bewerbungstraining
- Karrierecoaching
- Jobvermittlung

Community

- Unbegrenzter Zugang
- Austausch & Zusammenarbeit
- Kollegen & Gleichgesinnte

Your career prospects and job opportunities

Take the next step in your career

Secure a job in one of the fastest-growing professions in the technology industry. Acquire in-depth knowledge in Visual design, wireframing and accessible design. Develop exactly the skills you need for a career as User Interface & Visual Designer. Secure an attractive, well-paid job with a future in the IT industry.

Project based learning

Hands-on practice. Capstone project.

Recognized portfolio that stands

Through project-based learning, we ensure a holistic, active, and sustainable approach to skill development that bridges theory and practice and optimally prepares learners for real-world challenges.

Our courses primarily focus on developing the skills that are essential for professional success and personal growth. Theory and practice complement each other, and participants are actively involved in the learning process.

Project with assignments and real-world case studies

Start your professional development and work on a real-world project! Tackle realistic tasks that will perfectly prepare you for your future job.

A capstone project that makes an impression and opens doors

Create a capstone project that highlights your learning achievements and the skills you've gained in user interface (UI) & visual design.

An industry-recognized portfolio that impresses

Create an impressive portfolio that showcases your skills and opens doors with hiring managers.

CURRICULUM

What you will learn

Hands-on education in the skills of the future

In this user interface (UI) & visual design course, you will acquire the most important skills based on a curriculum designed by industry experts. The user interface (UI) & visual design training includes industry-validated, interactive content at a university level and extensive hands-on experience in real projects. You will build a portfolio and complete the program with a capstone project.

Module 1

Fundamentals of User Experience & Usability

The module offers a practical introduction to UX design. It covers basic concepts and methods such as usability, interaction design, and information architecture. In addition, various disciplines and professional perspectives in the UX field are presented. Case studies illustrate the practical benefits of UX in product development.

Core Skills

Learning Outcomes

You will learn to:

- distinguish between UX and usability in technical terms
- compare central UX process models (UX design process, design thinking, double diamond)
- apply design principles and usability heuristics
- analyze and communicate the contribution of UX based on case studies

Content

- Definitions and disciplines: UX, usability, user interface design, information architecture, interaction design
- UX design processes: double diamond, human-centered design, design thinking
- Design principles: DIN ISO 9241-110, design laws, usability heuristics
- UX career paths and role profiles
- Case studies

Module 2

User Interface Design

Are you ready to bring digital user interfaces to life? In this module, you will understand UI design as the central interface between people and products. You will learn basic principles and how to use processes & flows, wireframes & prototypes, and how to design visual feedback, interactions, and navigation for intu-

itive and aesthetic user interfaces.

Core Skills

Learning Outcomes

You will learn:

- to explain user interface (UI) design as an interface between humans and digital products and to justify its central importance for effective user interfaces.
- to identify the basic principles of user interface design and describe their application in the design of user-centered solutions.
- to define the processes and flows of user tasks and create initial wireframes and simple prototypes
- to analyze the importance and effect of visual feedback, interactions, and navigation patterns, and to use these elements specifically for intuitive and emotional user guidance
- to evaluate the role and influence of “invisible” elements of user interfaces on the user experience.

Content

- Processes & Flows
- Wireframes & Prototypes
- Visual Feedback
- Interaction & Navigation Patterns

Module 3

Fundamentals of Visual Design

This module covers the fundamentals of visual design for digital products. You will learn how the targeted use of colors, typography, and visual elements significantly shapes the user experience and how to bring brand identities to life digitally. Find out which current trends are important and how to design accessible and consistent user interfaces.

Core Skills

Learning Outcomes

You will learn:

- to analyze current UX and UI trends and evaluate their influence on user behavior and design decisions.
- to develop a unique visual language for a product by translating brand identity into mood boards and design concepts
- to apply the basic principles of color, typography, images, and graphic elements to create intuitive and appealing user interfaces
- to understand the requirements of accessible design and integrate basic best practices into your concepts.
- to design visually appealing and strategically thought-out user interfaces that bring a brand to life and inspire users.

Content

- UX & UI trends
- Mood boards & style guides
- Visual elements (typography, color, imagery, iconography)
- Accessible design

Module 4

Design Systems

Digital products are evolving rapidly, and with that comes the challenge of maintaining an overview and ensuring consistency. This module shows you how design systems can help you master this complexity and create consistent, scalable user experiences. You will learn hands-on how to develop robust design frameworks to increase your efficiency and sustainably improve the quality of your digital products.

Core Skills

Learning Outcomes

You will learn:

- what a design system is and how it differs from other design resources to derive its strategic value to organizations and explain it with examples.

- to apply the atomic design method to break down user interfaces into their basic building blocks and identify and create reusable UI components.
- to structure complex user interfaces with the help of organisms and templates, and to create these in practice.
- to become proficient in the strategic aspects of managing design systems (e.g., audit, roadmap, governance) to understand their structure, maintenance, and further development.

Content

- Introduction to Design Systems
- Guidelines for Design Systems
- Deploying a Design System
- Managing a Design System

Human-centered learning

in an online learning environment

Online, but not alone. Our proven, human-centered approach guarantees you ongoing support and a dedicated team to guide you every step of the way.

Ausgezeichnete Lern- erfolge

Wir lassen dich nicht alleine!

Unser erprobter, menschenzentrierter Ansatz bietet dir stets die Unterstützung, die du brauchst und ein motiviertes Team, das dich auf deinem Weg begleitet.

Tägliche Live Trainings

Starte neu und lerne von erfahrenen Branchenexperten mit viel Praxis, um dich optimal auf deine berufliche Zukunft vorzubereiten.

Karrierecoaches begleiten dich

Unsere Karriere-Coaches begleiten dich von Tag 1 an und bereiten dich optimal auf eine erfolgreiche Karriere vor.

Studienberater an deiner Seite

Unsere Studienberater stehen dir bei allen Fragen zur Seite und meistern mit dir jede Herausforderung, die sich dir in den Weg stellt.

Deine kollaborative Gemeinschaft

Lernen geht am besten mit anderen. Da Lernen kein Alleingang ist, erhältst du einen exklusiven Zugang zu unserer Community.

Career services

for you and your future

With our career services, we guide you through the entire professional development, from onboarding to successful completion and beyond. We support you from your first career goal to signing your contract with personalized coaching, practical support, and smart tools. We ensure that you're ready for the job market and connect you with interesting employers.

Academic advising

Our academic advisors are here to offer you guidance and support, and will help you overcome any challenges that come your way.

Job application training

You'll benefit from free job application training tailored to the needs of employers.

Career advice sessions

We offer free career counseling sessions with experienced HR managers to provide you with personalized advice.

Career coaching

Our career coaches will support you from the very start of the course and provide you with the best possible preparation for your professional career.

Funding & financing

There are many ways for you to take advantage of our subsidized training programs. Below, we have compiled all the relevant information about the available funding options that you can use to participate in our training programs.

Bildungsgutschein

Bildungsgutschein

100% funded professional development

Take advantage of training or retraining funded through a Bildungsgutschein from the Agentur für Arbeit! You get the chance to gain specific skills and seize new career opportunities. All further training costs are covered by the Agentur für Arbeit or the Jobcenter.

A Bildungsgutschein allows you to participate in training programs free of charge. These are financed by the Agentur für Arbeit or the Jobcenter to support residents in Germany to upskill and improve their professional qualifications.

Maßnahmenummer

Full-time: 955/249/2026

Here's how to get your Bildungsgutschein

1 Consultation

Make an appointment at your local Agentur für Arbeit.

2 Bootcamp

Choose an XDi course of your choice.

3 Course offer

Request a quote for the course of your choice.

4 Application

Submit an application and your course offering.

5 Registration

Register and submit the education voucher.

Qualifizierungschancengesetz

For job seekers and employees

At a time when technologies are constantly evolving, and the world of work is transforming, companies need to invest in professional development and upskilling of their employees. This ensures they are prepared for the challenges of the future and enables organizations to successfully navigate the digital transformation.

Benefit from XDi

XDi focuses on new, interactive teaching and learning formats based on the latest findings in brain research. Our motto is “learning by doing”; participants in our training programs learn to apply relevant methods and techniques through practical exercises in realistic projects, with the support of a personal mentor.

Officially recognized certificate

Upon completion of the training program, you will receive the „User Interface & Visual Designer“ certificate from the XDi – Experience Design Institute. The certificate is recognized by German UPA, the Interaction Design Foundation, and UXPA, and has earned an international reputation.

Top salary & career opportunities

More jobs require more knowledge. Many of our students achieved positive results after attending our seminars.

Anca Freese

Sehr gute Mischung aus Theorie und Praxis. Ich habe den [User Interface & Visual Design Kurs](#) sehr genossen. Da ich aus dem Bereich User Research komme, wollte ich mein Wissen im Bereich UI und Designsysteme erweitern – und genau das hat mir dieser Kurs ermöglicht. Die Aufgaben waren praxisnah, das Feedback war hilfreich, und ich fühle mich nun deutlich sicherer darin, Research und Design in meiner Arbeit zu verbinden.

David Wenk

UX/UI Product Designer

Klare Empfehlung! Ich habe den Kurs „[User Interface Design & Visual Design](#)“ absolviert. Das Kursmaterial ist aktuell, und das Besondere daran ist, dass man Mentor-Calls buchen kann. Das macht einen riesigen Unterschied beim Festigen des Gelernten.
